

Release Notes

Dentsply Sirona Ankylos Balance Base library for Exocad

Version 2.0.0

- The library is extended and includes the Ankylos ScanBody for Balance Base Abutment narrow and the Ankylos ASA coping for Balance Base Abutment narrow.
- The library works best with Exocad DentalCAD 3.2 Elefsina.

Version 1.0.0

- The library is used when designing restorations on Ankylos Balance Base abutments.
- The library works best with Exocad DentalCAD 3.1 Rijeka.
