## Uni Abutment EV library compatibility chart

This chart describes the content of the Dentsply Sirona Uni Abutment EV library. This library is used when designing restorations on Uni Abutment EV. The library can be used for 3Shape and Exocad design software.

| Uni Abutment EV                               | Uni Abutment ScanBody / Elos Accurate® ScanBody22 | Atlantis (IO) FLO-S | Elos Accurate® Scan Body | Uni Abutment ASA Cylinder / Elos Accurate® HybridBase H Non-Engaging | Uni Abutment Temporary Cylinder | Printed Model Analog - Uni Abutment EV / Elos Accurate® Analog for Printed Models |
|---|---|---------------------|--------------------------|--|---------------------------------|---|
| Uni Abutment EV 3.0 (green)<br>(25555-25557)  | 68020504 / SB-AUE33-1                             | A04F (68020031)     | IO 3D-A                  | 68020505 / HBN-AUE33H-1  | 26250                           | 68020100 / PMA-AUE33-1  |
| Uni Abutment EV 3.6 (purple)<br>(25558-25561) |   |                     |                          |  |                                 |   |
| Uni Abutment EV 4.2 (yellow)<br>(25562-25565) |   |                     |                          |  |                                 |   |
| Uni Abutment EV 4.8 (blue)<br>(25566-25569)   |   |                     |                          |  |                                 |   |
| Uni Abutment EV 5.4 (brown)<br>(25570-25573)  |   |                     |                          |  |                                 |   |

The scan body Atlantis (IO) FLO-S is used when scanning for Atlantis suprastructures. The FLO-S scan body without the IO marking can only be used for model scanning and is not approved for intraoral scanning. The IO FLO-S scan body can be used for both intraoral and model scanning.

Each Atlantis (IO) FLO-S reference number is sold as a kit containing a tray with 6 (IO) FLO-S for storing the non-sterile (IO) FLO-S and a Tag (to be placed in the Atlantis FLO-S case (REF) 36701) for 1 specific connection.

Elos Accurate® scan bodies are not compatible with Atlantis suprastructures.
